#Storrytelling

Supersap was created in 2019 through Local2Local's collaboration with organic fruit grower William Pouw in Schalkwijk. With Supersap we add value to 'residual flows' from fruit cultivation by making delicious, pure organic juice from factory-class fruit. The growers get a good price for this 'aesthetically imperfect' fruit, and with this extra income they can invest in soil improvement and innovations for more organic cultivation.

If the order has to be picked up after 18:00 in the evening, we will supply a lockable container with the order and we will collect the order the next morning before 08:30. We deliver to all locations in the VU University buildings. In the church hall in the main building it is only possible to deliver against extra delivery costs and with sustainable disposable crockery.
